THE RAT GRAPHIC DESIGN PACKAGE

This is the most complete graphics design package currently available for the Coco 3. It supports 320 x 200 hi-res graphics mode with a 16 color user definable palette. You can draw lines, circles, ovals, boxes, polygons and many more standard drawing functions. You can get stamps from the screen which can then be enlarged, shrunk, rotated, inverted and flipped and then be redisplayed on the screen in various ways. You can paint areas of the screen in one of the pre-defined color textures. You can label your pictures with one of the pre-defined fonts or define your own custom lettering style. Now don't worry about trying to draw your pictures with the keyboard or even a cumbersome joystick. "THE RAT" comes with its own MOUSE. Yes that's right, it comes with a MOUSE, and not a simple analog one button mouse. Ours is a high quality digital, two button mouse like you find on a more expensive computer like the Tandy 1000. You don't have to worry about selection squares around your drawing screen, just push a button on the mouse and you flip to a separate screen to select your drawing mode. Or you can use one of our pull down menus to load and save your pictures on disk. We also include screen print routines for many of the most popular printers.

Now that's a GRAPHIC DESIGN PACKAGE that beats them all! That's right, you get the graphics program, screen print routines, the mouse and the mouse pad all for one low price of

IRON FOREST

This is the first in our series of light phaser games. You have just been teleported to a strange land. As the mist clears you find a light phaser in your hand and yourself deep inside the Iron Forest. Your mission: to protect the sacred White Dove and all good creatures from the evil of the forest. As you aim, you zap a space pod, and then quickly turn and zap an evil spinning blade as it comes dangerously close to the Dove. Many evil creatures inhabit the forest. How long can you keep them under control? Many different backgrounds and increasing difficulty make this a unique new game for your Coco 3.
